

Serial No. 10/774,969

Atty Dkt No. GP-302194 (GM0292PUSD)

Remarks

A preliminary amendment made under 37 C.F.R. §1.115 was filed February 9 2004 concurrently with respect to the divisional application of then copending application 10/323,072 (now United States Patent No. 6,783,477). The divisional application is directed to the non-elected species of the prior application, i.e., Species II.

A Notice of Noncompliant Amendment mailed March 9, 2005 indicates that (i) the listing of claims included in the Preliminary Amendment is incomplete as it does not list claims 27-44; and (ii) a corrected claims section must be supplied. Accordingly, the complete listing of claims 1-44 is supplied herewith. Applicants request that this complete claims listing replace the incomplete listing in the Preliminary Amendment.

Respectfully submitted,

PATRICK B. USORO, et al.By
